

# Christmas Is Here - Daryl Coley & Beloved

Feel the joy, hear the laughter  
See the twinkle in each eye  
It's the wonder of this season  
Just because Christmas is here

Hear the song each heart is singing  
See the smile upon each face  
It's just the wonder of this season  
Just because Christmas is here

All hearts turn toward one another  
Trying to help someone in need  
Every man is each one's brother  
With no thought of race or creed  
Friends and family all get together  
Old acquaintances renew  
It's just the wonder of this season  
All because Christmas is here

Music.....

Every tongue and every nation  
Celebrate the Savior's birth  
A time when war and fighting ceases  
A time when peace reigns in the air

It's the time to share good tidings  
With mankind both far and near  
It's the wonder, It's the wonder, It's the wonder of the season  
Just because Christmas is here

Oh please Christmas - Stay all year
