

It's Right And Good

Chorus

Its right and good, its right and good 2x

Its better to obey than to make all kinds of sacrifices
its better to lean upon the unctions of GOD
in our everyday living, he knows we must learn to trust
Him for thats his way and its right and good

Chorus

Its right and good, its right and good

Its not just the big things, but the small he wants to have
control of
its our daily walk and not just our talk
you see he will give you much when in the small things
he can trust us for thats his way and its right and good

Chorus

Its right and good, its right and good 2x

Change

Born a the new
That we may do
Those works which GOD planned before hand
So we should walk in him,
Live a pure life through him
his way is right and good
Oooohhh
Its right, Its good
Things will happen
Just like they should,
Come what may, Trust and obey
His plan is right and good,
ohhhhh His plan is right and good 4x
