

It's Only a Test

Larry Trotter

It's only a test that you're going through,
It's gonna be over real soon.
Keep the faith; Don't give up, For it's only a test. (Repeat)

*Lead: It's only a test, you're going through. It won't last always.
Trials come, just to make us strong. Without a little rain, it just won't grow
Be strong, keep the faith. Don't give up.
Realize, it's only a test you're going through.*

It's only a test that you're going through,
It's gonna be over real soon.
Keep the faith; Don't give up, For it's only a test.
