

## **“Morning’s Breaking” Richard Smallwood**

### **Lead:**

Strong winds are blowing                      Waves of Doubt sweeps over my soul  
Heart feels like its breaking                      Sometimes I feel like I can’t go on  
Darkness all around me                      Seems like I’ll never see the light of day  
Just when I thought I’d give up                      I hear a voice within me say

### **Chorus:**

Weeping may endure for a night                      Joy is coming in the morning light  
But I can see Morning Breaking through the night  
Choir : Hold on Morning Breaking Hold on

### **Verse 2**

You may be broken                      Tears maybe falling all through the night  
But God has not forsaken                      He’s gonna lead you into the light

### **Lead only Chorus**

### **Choir chorus with lead**

Weeping may endure for a night                      Joy is coming in the morning light

Endure for a night But Joy is gonna come I can see it in the morning
