

"Oh How Wondrous"

**Oh how wondrous is the name of the Lord
How we worship—His name is to be adored
God our maker—endured pain guilt and strife
So that we might—access our eternal life.**

(Repeat)

**We offer sincere praise. We stand and bless your holy name.
Your blood has loosed all the chains. All men shall proclaim, there's power in
your name.**

**How we love you. Your name is so sweet, your joy is complete.
We love you, we reverence your face in this holy place.**

**Jehovah Jireh—He who provides for us all.
My strong tower. Who hears and moves when we call
Elohim he created us from the dust.
Jehovah Shammah—the Lord is present with us.**

**We offer sincere praise. We stand and bless your holy name
Your blood has loosed all the chains. All men shall proclaim, there's power in
your name.**
