Thank God for the Blood   Florida Mass Choir

It was the blood, that precious blood that made the difference at Calvary
(*IT WAS THE BLOOD*), that precious blood. That my Savior, He shed for me.

I thank God for the blood that came streaming down for me.
It was the blood that made the difference at Calvary.

Since I've been washed in Jesus' blood all of my sins are gone away.
(*NO MORE SHAME*), I'm not the same
My awful debt with His blood He did pay.

No one but Jesus could ever make such a sacrifice
Such a sacrifice for me. It was the blood that made
The difference at Calvary.

I thank God for the blood that came streaming down for me.
It was the blood that made the difference at Calvary.

I thank God for the blood that came streaming down for me
It was the blood that made the difference at Calvary.

I thank God for the blood that came streaming down for me.
It was the blood that made the difference.
It was the blood that made the difference.
It was the blood that made the difference.
It was the blood that made the difference.

The blood—of Jesus. The blood—of Jesus
