

# THAT'S WHEN YOU BLESS ME

**MALE LEAD:** My life was torn, beyond repair. Felt so alone, It seemed  
no one cared. You came along. Gave me a song. To ease the  
pain, and erase the stain.

**CHORUS I:** **You could have left, me standing there.  
With no one, no one to care.  
You promised me, you'd be there on time.  
And you did just what you said.**

**FEMALE LEAD:** Against all odds, I made the choice. To give you my trust,  
Now I rejoice. You answered my prayers, Not a moment too  
soon. Your word I embraced, My sins you erased.

**CHORUS II:** **You could have left, me standing there.  
With no one, no one to care.  
You promised me, you'd be there on time.  
And you did just what you said.  
That's when you bless me.  
And you did just what you said.**

*(FEMALE LEADER'S VERSE AGAIN)*

**CHORUS III:** **You could have left, me standing there.  
With no one, no one to care.  
You promised me, you'd be there on time.  
And you did just what you said.  
That's when you bless me.  
That's when you bless me - YEA  
That's when you bless me.  
That's when you bless me.  
And you did just what you said.**

*(Do CHORUS III about 4 times)*

**ENDING:** **And you did just what you said. (repeat about 5 times)**
